Web Site Improvements

You may have noticed that sometimes the previous Mass Notes were delayed. This was because of limitations of the previous server. In order to keep up with the volume of emails that go out each Friday for the Sunday Mass Study Notes we have implemented a new hosting server. The new server is designed to better handle the traffic and to complete the email sending in under two hours. We have also completed the move to the .com version of the domain, all traffic to the .org has been redirected.

Please let us know if you have any issues with anything.

May God richly bless you.

New Email and Web Server

In order to keep continually improving and due to the growth of the number of subscribers to the Sunday Mass Study Notes we have upgraded to a new email server and also a new hosting server for the web page. The new email server was required once the number of subscribers reached 1,000. Please be sure that your Mass Notes are not going into the junk email folder as some hosts don't respect the new server as quickly as others. In my tests some of the emails when sent to Gmail accounts did get flagged for SPAM. In order to prevent that from happening you will need to go into Gmail web page and mark the item as not spam. If you are using an Android or iPhone be sure to use the Gmail App so that it easy to safelist the new email sender: massnotes@christiansforchrist.com.

Please let me us if you are having any issues.

Updated Web Site

We are pleased to announce some important improvements and changes to the web site.

- We have adopted a new theme and layout to make things easier to find as way as provide a new, fresher, updated look. This includes relocation of certain elements such as the most recent Mass Notes to a spot in the Quicklinks menu (available only on the desktop version).
- Adopted a new site logo which represents the central concept of this site with the narrow road leading to life through faith in Christ Jesus.
- Beginning on 12/30/2018 the Mass Notes will be published under the Christians for Christ author instead of under each particular writer. In addition a new section has been added to the web site listing biographical information about each author.
- Changes to how the sponsored ads are positioned on the site. We provide a means for sponsors in order to offset the substantial costs of providing this web ministry. The revenue from this site hardly does that, so we ask our readers to also visit our other sites which will in the future provide more substantial support. This includes the Roadside Tribute site which provides a means for people around the world to share images and stories of roadside memorials they have constructed to memorialize lost relatives and friends. **Visit the site at https://roadsidetribute.com** .

We are confident that these changes will help to better serve our readers.
